Board Charter

Introduction

The Board of Cosmos Exploration Limited (**Company**) (**Board**) has the ultimate responsibility to its shareholders for the strategy and performance of the Company in general. The Board is dedicated to fulfilling these duties in a lawful and professional manner, and with the utmost integrity and objectivity. As such, the Board actively pursues best practice governance processes.

Good governance policies and processes are critical for ensuring that the Company is governed in the best interests of the Company as a whole. With this point in mind, the Board has decided to articulate and formalise the corporate governance framework within which the Company operates.

This document outlines the Company's corporate governance policy in the form of a Board Charter, which is a written policy document that defines the respective roles, responsibilities and authorities of the Board, both individually and collectively, and of management in setting the direction, management and the control of the organisation. As such, it establishes the guidelines within which the Directors and Officers are to operate as they carry out their respective roles. It does not in any way constitute legal advice or act as a substitute for legal advice.

The Board is cognisant of the Company's current size, nature and scale of activities and that it currently may not comply with all of the Corporate Governance Principles and Recommendations (4th Edition) published by the ASX Corporate Governance Council. However, the Company will state in its Annual Report its current position on these matters and a regular review will be undertaken to assess the applicability of the current procedures.

The purpose of this Board Charter is to document the policies upon which the Board has decided to meet its legal and other responsibilities.

The Company's Board Charter has four major sections:

- (a) Part A – Defining Governance Roles;
- (b) Part B – Board Processes;
- (c) Part C – Key Board Functions; and
- (d) Part D – Continuing Improvement.

While it is acknowledged that good governance is an important component of a successful company, it is also recognised that it is contingent upon the context in which it is practiced. Therefore, corporate governance needs to be a dynamic process. This Charter will need to be regularly reviewed and updated to reflect changes in the legal framework within which the Company operates, and amendments and developments in Board policies and procedures. It is the responsibility of the Company Secretary to ensure that the Board is consulted regarding any changes and updates, that the Charter is kept current and is reviewed and amended on a yearly basis, and that all Board members are provided with the latest versions of the Charter.

The Company recognises the overriding importance of its legal obligations which arise from various sources. Accordingly, nothing in this Charter must conflict with the Company's Constitution, the Corporations Act or the ASX Listing Rules. If such a conflict occurs, the Constitution, Corporations Act and the ASX Listing Rules shall prevail.

Any reference to gender in this Charter should be interpreted as applicable to both males and females.

Part A - Defining Governance Roles

1. The role of the Board

- 1.1 The Board is ultimately responsible for all matters relating to the running of the Company.
- 1.2 The Board's role is to govern the Company rather than to manage it. In governing the Company, the Directors must act in the best interests of the Company as a whole. It is the role of senior management to manage the Company in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties. Thus, except when dealing with specific management delegations of individual Directors (particularly Executive Directors), it is misleading to refer to the management function of the Board.
- 1.3 The Board has the final responsibility for the successful operations of the Company. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Company. It is required to do all things that may be necessary to be done in order to carry out the objectives of the Company. In carrying out its governance role, the main task of the Board is to drive the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.
- 1.4 Without intending to limit this general role of the Board, the principal functions and responsibilities of the Board include the following:
 - (a) providing leadership to the Company by:
 - (i) defining the Company's purpose;
 - (ii) approving the Company's Code of Conduct to underpin the desired culture within the Company; and
 - (iii) always acting in a manner consistent with the Company's culture and Code of Conduct;
 - (b) overseeing the development and implementation of an appropriate strategy, the instilling of the Company's values and performance by:
 - (i) working with the senior management team to ensure that an appropriate strategic direction and array of goals are in place;
 - (ii) regularly reviewing and amending or updating the Company's strategic direction and goals;
 - (iii) ensuring that an appropriate set of internal controls are implemented and reviewed regularly;

- (iv) ensuring an appropriate framework exists for relevant information to be reported by the management to the Board;
 - (v) when required, overseeing planning activities including the development and approval of strategic plans, annual plans, annual corporate budgets and long-term budgets including operating budgets, capital expenditure budgets and cash flow budgets; and
 - (vi) reviewing the progress and performance of the Company in meeting these plans and corporate objectives, including reporting the outcome of such reviews on at least an annual basis;
- (c) overseeing the control and accountability systems that ensure the Company is progressing towards the goals set by the Board and in line with the Company's purpose, the agreed corporate strategy, legislative requirements and community expectations;
 - (d) ensuring corporate accountability to the shareholders primarily through adopting an effective shareholder communications strategy, encouraging effective participation at general meetings and, through the Chair, being the key interface between the Company and its shareholders;
 - (e) ensuring the integrity of the Company's accounting systems including the external audit;
 - (f) ensuring robust and effective risk management (for both financial and non-financial risks), compliance, continuous disclosure and control systems (including legal compliance) are in place and operating effectively;
 - (g) appointing, and where necessary removing and/or replacing, the Chair;
 - (h) being responsible for the Company's senior management and personnel including:
 - (i) directly managing the performance of the Chief Executive Officer (**CEO**) including:
 - (A) appointing and remunerating the CEO;
 - (B) providing advice and counsel to the CEO including formal reviews and feedback on his or her performance; and
 - (C) overseeing the development or removal of the CEO, where necessary;
 - (ii) ratifying the appointment, the terms and conditions of the appointment and, where appropriate, removal of the Chief Financial Officer (**CFO**) and/or Company Secretary and other senior executives;
 - (iii) ensuring appropriate checks are undertaken prior to the appointment of directors and senior executives;

- (iv) ensuring that an appropriate succession plan for the CEO, CFO and Company Secretary is in place; and
- (v) when required, ensuring appropriate human resource systems (including OH&S systems) are in place to ensure the well-being and effective contribution of all employees;
- (i) ensuring that the Company's remuneration and nomination policies are aligned with the entity's purpose, values, strategic objectives and risk appetite.
- (j) delegating appropriate powers to the CEO, management and committees to ensure the effective day-to-day management of the business and monitoring the exercise of these powers;
- (k) ensuring Directors receive briefings on material developments in laws, regulations and accounting standards relevant to the Company;
- (l) where required, challenging management and holding it to account; and
- (m) making all decisions outside the scope of these delegated powers.

1.5 The detail of some Board functions will be handled through Board Committees as and when the size and scale of operations requires such committees. However, the Board as a whole is responsible for determining the extent of powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations.

2. Board structure

2.1 Number of Directors

- (a) The Board has determined that, consistent with the size of the Company and its activities, the Board shall be comprised of a minimum of three (3) Directors, at least one of whom shall be non-executive.
- (b) The Board's policy is that the majority of Directors shall be independent, non-executive Directors at a time when the size of the Company and its activities warrants such a structure. This will ensure that all Board discussions or decisions have the benefit of outside views and experience, and that the majority of Directors will be free of any interests or influences that could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.
- (c) The Board has adopted the definition of independence set out in the ASX Corporate Governance Council Corporate Governance Principles and Recommendations (4th Edition) as set out in Annexure A.
- (d) The independence of the Company's Non-Executive Directors will be assessed on an ongoing basis.

- (e) In the opinion of the Board, all Directors should bring specific skills and experience that add value to the Company.
- (f) When considering the potential reappointment of an existing director, the Board will take into account its skills matrix which sets out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.
- (g) When considering vacancies, the Board will take into account a candidate's capacity to enhance the skills matrix and experience of the Board.

2.2 Appointment of Directors

The Company may, by ordinary resolution, increase or decrease the number of Directors and may also determine in what rotation the increased or decreased number is to go out of office and otherwise in accordance with the Constitution. The Company will undertake appropriate checks before appointing a person and provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director.

2.3 Skills required on the Board

The Board will review capabilities, technical skills and personal attributes of its directors. It will normally review the Board's composition against those attributes and recommend any changes in Board composition that may be required. An essential component of this will be the time availability of Directors.

2.4 Written agreement

The Company shall have a written agreement with each Director and senior executive setting out the terms of their appointment. The agreement should be with the Director or senior executive personally unless the Company is engaging a bona fide professional services firm.

The written agreement should include:

- (a) the requirement to disclose director's interests and any matters which could affect the director's independence;
- (b) the requirement to comply with the Company's corporate governance policies and charters;
- (c) the requirement to notify the Company of or seek the Company's approval before accepting, any new role that could impact upon the time commitment expected of the Director or give rise to a conflict of interests;
- (d) the Company's policy around independent professional advice;
- (e) indemnity and insurance arrangements;
- (f) rights of access to corporate information; and

- (g) ongoing confidentiality obligations.

2.5 Duration of appointment

In the interest of ensuring a continual supply of new talent to the Board, non- executive Directors will serve for a maximum of 10 years unless there are exceptional circumstances. The exception to this policy is that a Director who is serving as Chair at the conclusion of the usual maximum term may serve an additional term in that role. If a Director has served in their position for more than 10 years, the Board will regularly assess if their independence may have been compromised.

2.6 Vacation of office

Subject to clause 2.5, it is envisaged that Directors shall remain on the Board until required to vacate the office by law or as detailed in the Constitution.

3. The role of individual Directors

As members of the peak decision-making body in the Company, Directors share ultimate responsibility for the Company's overall success. Therefore, Directors have an individual responsibility to ensure that the Board is undertaking its responsibilities. Directors need to ensure that the Board is providing:

- (a) leadership to the Company, particularly in the areas of ethics and culture;
- (b) a clear and appropriate strategic direction;
- (c) upholding the Company's values;
- (d) accountability to key stakeholders, particularly shareholders;
- (e) oversight of policies;
- (f) oversight of all control and accountability systems including all financial operations and solvency, risk management, monitoring conduct that is inconsistent with the Company's code of conduct and compliance with material legal and regulatory requirements;
- (g) an effective senior management team and appropriate personnel policies as and when required; and
- (h) timely and effective decisions on matters reserved to it.

3.2 Directors' code of conduct

In accordance with legal requirements and agreed ethical standards, Directors and key executives of the Company:

- (a) will act honestly, in good faith and in the best interests of the whole Company;

- (b) owe a fiduciary duty to the Company as a whole;
- (c) have a duty to use due care and diligence in fulfilling the functions of office and exercising the powers attached to that office;
- (d) will undertake diligent analysis of all proposals placed before the Board;
- (e) will act with a level of skill expected from directors and key executives of a publicly listed company;
- (f) will use the powers of office for a proper purpose, in the best interests of the Company as a whole;
- (g) will demonstrate commercial reasonableness in decision making;
- (h) will not make improper use of information acquired as Directors and key executives;
- (i) will not disclose non-public information except where disclosure is authorised or legally mandated;¹
- (j) will keep confidential, information received in the course of the exercise of their duties and such information remains the property of the Company from which it was obtained and it is improper to disclose it, or allow it to be disclosed, unless that disclosure has been authorised by the person from whom the information is provided, or is required by law;
- (k) will not take improper advantage of the position of Director² or use the position for personal gain or to compete with the Company;
- (l) will not take advantage of Company property or use such property for personal gain or to compete with the Company;
- (m) will protect and ensure the efficient use of the Company's assets for legitimate business purposes;¹
- (n) will not allow personal interests, or the interest of any associated person, to conflict with the interests of the Company;
- (o) have an obligation to be independent in judgment and actions and directors will take all reasonable steps to be satisfied as to the soundness of all decisions of the Board;
- (p) will make reasonable enquiries to ensure that the Company is operating efficiently, effectively and legally, towards achieving its goals;
- (q) will not engage in conduct likely to bring discredit upon the Company;²
- (r) will encourage fair dealing by all employees with the Company's customers, suppliers, competitors and other employees as and when those dealings occur;¹

- (s) will encourage the reporting of unlawful/unethical behaviour and actively promote ethical behaviour and protection for those who report violations in good faith;¹
- (t) will give their specific expertise generously to the Company; and
- (u) have an obligation, at all times, to comply with the spirit, as well as the letter of the law and with the principles of this Charter.²

¹ From the ASX Corporate Governance Council's Corporate Governance Principles.

² From the AICD Code of Conduct.

3.3 Expectations of Directors in Board process

- (a) Since the Board needs to work together as a group, Directors need to establish a set of standards for Board meetings. At the Company, it is expected that Directors shall, in good faith, behave in a manner that is consistent with generally accepted procedures for the conduct of meetings at all meetings of the Board. This will include, but not be limited to:
 - (i) behaving in a manner consistent with the letter and spirit of the Code of Conduct;
 - (ii) acting in a businesslike manner;
 - (iii) acting in accordance with the Constitution and Board policies;
 - (iv) addressing issues in a confident, firm and friendly manner;
 - (v) preparing thoroughly for each Board or Committee event;
 - (vi) using judgment, common sense and tact when discussing issues;
 - (vii) minimising irrelevant conversation and remarks;
 - (viii) ensuring that others are given a reasonable opportunity to put forward their views;
 - (ix) refraining from interruption or interjection when a speaker has the floor; and
 - (x) being particularly sensitive in interpreting any request or direction from the Chair that aims to ensure the orderly and good-spirited conduct of the meeting.
- (b) Directors are expected to be forthright in Board meetings and have a duty to question, request information, raise any issue, and fully canvas all aspects of any issue confronting the Company, and cast their vote on any resolution according to their own judgment.

- (c) Outside the boardroom, however, Directors will support the letter and spirit of Board decisions in discussions with all stakeholders including any shareholders, special interest groups, customers, staff, suppliers and any other parties.
- (d) Directors will keep confidential all Board discussions and deliberations. Similarly, all confidential information received by a Director in the course of the exercise of the Director's duties remains the property of the Company and is not to be discussed outside the boardroom. It is improper to disclose it, or allow it to be disclosed, unless that disclosure is required by law and in any event should not be disclosed without appropriate authorisation.

3.4 Conflict of interest and related party transactions

- (a) Conflicts of interest
 - (i) Directors must disclose to the Board actual or potential conflicts that may or might reasonably be thought to exist between the interests of the Director and the interests of the Company. On appointment, Directors will have an opportunity to declare any such interests.
 - (ii) Directors should update this disclosure by notifying the Company Secretary in writing as soon as they become aware of any conflicts. Directors are also expected to indicate to the Chair any actual or potential conflict of interest situation as soon as it arises.
 - (iii) The Board can request a Director to take reasonable steps to remove the conflict of interest. If a Director cannot or is unwilling to remove a conflict of interest then the Director must absent himself or herself from the room when discussion and voting occur on matters to which the conflict relates. The entry and exit of the Director concerned will be minuted by the Company Secretary. Directors do not have to give notice of a conflict or absent themselves in accordance with section 191(2) or section 195 of the Corporations Act, including, without limitation when either:
 - (A) conflict of interest relates to an interest common to all Company members/shareholders; or
 - (B) the Board passes a resolution that:
 - (1) identifies the Director, the nature and extent of the Director's interest; and
 - (2) clearly states that the other Directors are satisfied that the interest should not disqualify the Director concerned from discussion and/or voting on the matter.
- (b) Related party transactions
 - (i) Related party transactions include any financial transaction between a Director or officer and the Company and will be reported in half yearly and annual reports.

- (ii) In general, the Corporations Act requires related party transactions to be approved by the shareholders; the Board cannot, except in certain limited circumstances, approve these transactions. Examples of exemptions to this requirement occur where the financial benefit is given on arm's length terms, or is considered to be reasonable remuneration to an officer or employee.
- (iii) The Board has also resolved that where applications are made by a related party to a Director or officer of the Company then the Director or officer shall exclude himself/herself from the approval process.
- (iv) "Related party" for this process has the meaning given to that term in section 228 of the Corporations Act and includes:
 - (A) a spouse or de facto spouse of the Director or officer;
 - (B) a parent, son or daughter of the Director or officer or their spouse or de facto spouse; or
 - (C) an entity over which the Director or officer or a related party defined in paragraph (A) or (B) has a controlling interest.

3.5 Emergency contact procedures

As there is the occasional need for urgent decisions, Directors should leave with the Company Secretary any contact details, either for themselves or for a person who knows their location, so that all Directors can be contacted within 24 hours in cases of a written resolution or other business.

4. The role of the Chair

To the extent possible, the Chair of the Board is to be an independent Director and is not to be the same person as the Managing Director.

The Chair's role is a key one within the Company. The Chair is considered the "lead" Director and utilises his/her experience, skills and leadership abilities to facilitate the governance processes.

There are two main aspects to the Chair's role. They are the Chair's role within the boardroom and the Chair's role outside the boardroom.

4.1 Inside the boardroom

Inside the boardroom the role of the Chair is to:

The Company Secretary is accountable to the Board, through the Chair, on all governance matters and reports directly to the Chair as the representative of the Board. The Company Secretary is appointed and dismissed by the Board and all Directors have, as of right access to the Company Secretary.

5.2 The tasks of the Company Secretary shall include:

 - (iii) providing counsel on corporate governance principles and Director liability.
- (c) Governance administration
 - (i) maintaining a Register of Company Policies as approved by the Board;
 - (ii) maintaining, updating and ensuring that all Directors have access to an up-to-date copy of the Board Charter and associated governance documentation;
 - (iii) maintaining the complete list of the delegations of authority;

- (iv) reporting at Board meetings the documents executed under a power of attorney, or under the common seal; and
- (v) any other services the Chair or Board may require.

6. The role of the CEO

- 6.1 The CEO is responsible for the attainment of the Company's goals and vision for the future, in accordance with the strategies, policies, programs and performance requirements approved by the Board. The position reports directly to the Board.
- 6.2 If there is no CEO appointed at any given time, the Board will nominate another executive director to undertake the role/responsibilities assigned to the CEO under this Board Charter.
- 6.3 The CEO's primary objective is to ensure the ongoing success of the Company through being responsible for all aspects of the management and development of the Company. The CEO is of critical importance to the Company in guiding the Company to develop new and imaginative ways of winning and conducting business. The CEO must have the industry knowledge and credibility to fulfil the requirements of the role.
- 6.4 The CEO will, as and when the size, nature and scale of the Company's activities requires it, manage a team of executives responsible for all functions contributing to the success of the Company.
- 6.5 The CEO's specific responsibilities will include:
 - (a) develop, in conjunction with the Board, the Company's vision, values, and goals;

- (p) develop and motivate direct reports and their respective teams;
- (q) select and appoint key staff as and when required (direct reports); and
- (r) ensure there is an appropriate staff appraisal system in place in the Company.

Part B - Board processes

1. Board meetings

1.1 Board meetings are a fundamental component of governance processes. Each Board meeting is critical, as it is the main opportunity for directors to:

- (a) obtain and exchange information with the senior management team;
- (b) obtain and exchange information with each other; and
- (c) make decisions.

1.2 The Board meeting agenda is equally as important because it shapes the information flow and subsequent discussion.

1.3 Meeting frequency

Given the size of the Company and the scale of its activities the Board will meet approximately 10 times per year but not less than six times per year and, unless otherwise agreed, Committees will generally meet on a quarterly basis. Where Board and Committee meetings are scheduled for the same month, where possible, Committee meetings will precede the Board meeting by at least one week to allow the circulation of the minutes of the Committee meeting prior to the Board meeting.

1.4 Meeting time and location

The Board usually meets at the offices of the Company in either Australia or Canada. The commencement time will vary depending on the agenda of each individual meeting, the availability of key participants and the location in which the meeting is taking place.

1.5 Meeting language

If a Director does not speak the language in which the Board meeting is proposed to be held in and key documents written, processes will be adopted to ensure that the Director understands and can contribute to discussions at those meetings and understand and discharge their obligations in relation to those documents.

1.6 Meeting cycle

When the size of the Company and the scale of its activities warrants it, and to assist the smooth running of Board processes, the Board will adopt an indicative monthly cycle as follows. The indicative cycle gives Board members seven days to review the agenda and Board papers to save valuable time at meetings by being prepared for discussions and allowing them to seek clarification or further information in advance on ambiguous items.

Under normal circumstances and when warranted, Board meetings shall follow the following monthly cycle:

Draft agenda prepared by the Company Secretary	-7
Company Secretary updates actions arising from the previous meeting	-7
Company Secretary reviews the proposed agenda with the Chair	-7
Board papers and agenda are finalised	-3
Board papers are printed	-3
All Board papers are circulated to Board meeting attendees	-3
Board meeting	0
Draft minutes sent to Chair	3-5
Draft minutes sent to Directors	6-10

All days indicated are calculated in relation to the Board meeting day (day zero).

Please note that this is an indicative cycle only. The actual timing of events in the lead up to and follow up from Board meetings will be dependent upon the circumstances surrounding each individual meeting.

1.7 **Conduct of meeting**

The Chair will determine the degree of formality required at each meeting while maintaining the decorum of such meetings. As such the Chair will:

- (a) ensure that all members are heard;
- (b) retain sufficient control to ensure that the authority of the Chair is recognised. This may require a degree of formality to be introduced if this is necessary to advance the discussion;
- (c) take care that the decisions are properly understood and well recorded; and

- (d) ensure that the decisions and debate are completed with a formal resolution recording the conclusions reached.

1.8 Quorum and voting at meetings

In order for a decision of the Board to be valid a quorum of Directors must be present. A quorum will be two Directors present, at least one of whom must be an independent Director, in person or by instantaneous communication device or as otherwise stipulated in the Constitution. Questions arising at Board meetings are to be decided by a majority vote of Directors who are present and entitled to vote.

1.9 Emergency decision making

A resolution in writing signed by all Directors shall be as valid and effectual as if it had been passed at a meeting of Directors duly convened and held and otherwise in accordance with the Company's Constitution.

2. Board meeting agenda

2.1 Agenda content

An agenda will be prepared for each Board and Committee meeting.

2.2 Agenda preparation

The Company Secretary, in consultation with the Chair and the CEO is responsible for preparing an agenda for each Board meeting. However, any Director may request items to be added to the agenda for upcoming meetings.

3. Board papers

3.1 Preparation and circulation of Board papers

The Company Secretary together with the CEO is responsible for the preparation and circulation of Board papers should they be required. The Board papers if so required will be circulated to Directors prior to the Board meeting. If a Board paper relates to a matter in which there is a known conflict of interest with a particular Director then the relevant Board paper will be removed by the Company Secretary on the instructions of the Chair, from the set of Board papers sent to that Director. In the case of the Chair having a conflict of interest, the Board will appoint another Director to make final decisions on the forwarding of Board papers to the Chair.

3.2 Retention of Board papers

The Company Secretary maintains a complete set of Board papers at the Company's headquarters. However, individual Directors may retain their own Board papers in a secure location.

4. Board minutes

Minutes are to be a concise summary of the matters discussed at a Board Meeting. Minutes will contain a brief reference to relevant Board papers tabled plus any official resolutions adopted by Directors. All decisions will be recorded in the minutes by means of a formal resolution.

5. Board calendar

In order to provide an even distribution of work over each financial year, the Board will adopt a twelve-month Board Calendar. Included will be all scheduled Board and Committee meetings as well as major corporate and Board activities to be carried out in particular months. Once initiated it will be updated and approved prior to the start of each financial year.

6. Committees

When the size of the Company and the scale of its activities warrant it the Board will institute the following committees:

- (a) Audit and Risk Committee; and
- (b) Remuneration and Nomination Committee.

PART C – KEY BOARD FUNCTIONS

1. The Board and strategy

The Board will approve a formal strategic planning process that articulates the respective roles and levels of involvement of the Board, senior management and other employees and will review the strategic plan for the Company on a regular basis.

2. Contacts and advisory role

2.1 CEO Advisory role

It is recognised that a key directorial duty is providing a sounding board for CEO ideas and challenges. Recognising that the CEO -Board relationship is critical to effective corporate governance, Directors should provide frank and honest advice to the CEO. It is expected that the Chair will play a key part of this role and will maintain regular contact with the CEO.

All advice should be constructive in nature and provided in a positive manner. Where appropriate, Directors should recommend possible alternative advisers if they do not feel adequately trained to assist.

2.2 Protocol for interaction with internal and external parties

(a) Media contact and comment

The Board has designated the CEO or the Chair (where appropriate) to speak to the press on matters associated with the Company. In speaking to the press, the CEO or the Chair will not comment on price sensitive information that has not already been disclosed to a relevant authority, however, they may clarify previously released information. To assist in safeguarding against the inadvertent disclosure of price sensitive information the CEO and the Chair will be informed of what the Company has previously disclosed to the market on any issue prior to briefing anyone outside the Company.

Subject to the policies of the Board and any committee that the Board may appoint from time to time, the Chair is authorised to comment on:

- (i) annual and half yearly results at the time of the release of the annual or half yearly report;
- (ii) resolutions to be put to General Meetings of the Company;
- (iii) changes in Directors, any matter related to the composition of the Board or Board processes;
- (iv) any speculation concerning Board meetings or the outcomes of Board meetings; and
- (v) other matters specifically related to shareholders.

Subject to the policies of the Board and any committee that the Board may appoint from time to time, the CEO is authorised to comment on:

- (i) the Company's future outlook;
- (ii) any operational matter;

- (iii) media queries concerning operational issues which reflect either positively or negatively on the Company;
- (iv) proposed or actual legal actions; and
- (v) queries and general discussion concerning the Company's industry.

See the Code of Conduct for further information relating to conduct of Employees and the Continuous Disclosure and Communications Policy for further information relating to communications to external parties.

- (b) External communications including analyst briefings and responses to Shareholder questions

The Company discloses its financial and operational results to the market each year/half year/quarter as well as informing the market of other events throughout the year as they occur. Annual, half yearly and quarterly financial reports, media releases and AGM speeches are all lodged with the appropriate authority. As all financial information is disclosed, the Company will only comment on factual errors in information and underlying assumptions when commenting on market analysts' financial projections, rather than commenting on the projections themselves.

In addition to the above disclosures, the Company does conduct briefings and discussions with analysts and institutional investors. However, price sensitive information will not be discussed unless that particular information has been previously formally disclosed to the market via an announcement. Slides and presentations used in briefings will also be released immediately prior to the briefing to the market.

After the conclusion of each briefing or discussion if any price sensitive information was disclosed it will be announced immediately to the market.

2.3 Hospitality and gifts

While the Company recognises the need from time to time to give or accept customary business courtesies in accordance with ethical business practices, Directors and officers will not solicit such courtesies and will not accept gifts, services, benefits or hospitality that might influence, or appear to influence, the Directors' and officers' conduct in representing the Company.

Refer to the Company's Anti-Bribery and Anti-Corruption Policy for further information.

3. Monitoring

Another essential function of the Board is to monitor the performance of the organisation in implementing its strategy and overall operational performance.

4. Risk and compliance management

The Board is charged with overseeing, reviewing and ensuring the integrity and effectiveness of the Company's risk and compliance systems. The Board has an external independent auditor who is responsible for verifying the Company's compliance systems and reporting to the Board on those systems.

Since risk management is a complex and critical component of the Company's governance, the Board has established an Audit and Risk Committee to oversee and guide the detail of this topic. The CEO will be charged with implementing appropriate risk systems within the Company. Aspects of this process may be delegated. Refer to the Audit and Risk Management Committee Charter.

The risk management system will be based on Standard ISO 31000:2018.

Risk management is considered a key governance and management process. It is not an exercise merely to ensure regulatory compliance. Therefore, the primary objectives of the risk management system at the Company will be to ensure:

- (a) all major sources of potential opportunity for and harm to the Company (both existing and potential) are identified, analysed and treated appropriately;
- (b) business decisions throughout the Company appropriately balance the risk and reward trade off;
- (c) regulatory compliance and integrity in reporting is achieved; and
- (d) Senior Management, the Board and investors understand the risk profile of the Company.

In line with these objectives, the risk management system will cover:

- (e) operations risk;
- (f) financial reporting; and
- (g) compliance.

The Audit and Risk Committee reviews all major strategies and purchases for their impact on the risk facing the Company, and makes appropriate recommendations to the Board. The Company reviews annually its operations to update its risk profile. This occurs in conjunction with the strategic planning process.

The Audit and Risk Committee will create a quarterly report on those areas of risk identified. In addition, as specified by Recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (4th Edition), the CEO and CFO provide a written declaration of assurance that their opinion, that the financial records of the Company for any financial period have been properly maintained, comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company, has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Company produces a number of periodic reports, including its Annual Report, Half-year financial report and quarterly activity and cash flow reports. The Company has in place processes to review and confirm the accuracy and reasonableness of the disclosures contained in these reports at both management and Board level, including where a corporate report of this type is not subject to audit or review by an external auditor. Management prepares the disclosures in these reports whereby subject matter experts and the relevant executives review and approve the disclosures which are then reviewed by the Company's CEO and approved by the Board. In the event further legal or financial review is required, the proposed disclosure is run past the Company's advisors, lawyers or auditors (as appropriate) for review.

5. Delegation of authority

Directors are responsible for any delegations of their responsibilities with regard to corporate operations. As such, they decide as a Board what Company matters are delegated to either specific Directors or management. In addition, they outline what controls are in place to oversee the operation of these delegated powers.

As a consequence, individual Directors have no individual authority to participate in the day-to-day management of the Company including making any representations or agreements with member companies, suppliers, customers, employees or other parties or organisations.

The exception to this principle occurs where the Board explicitly delegates an authority to the Director individually. Additionally, it is recognised that all Executive Directors will carry significant delegated authority by virtue of their management position.

Similarly, Committees and their members require specific delegations from the Board as a whole and these will be contained in each Committee's respective Terms of Reference.

5.1 General delegations

In general, the Board delegates all powers and authorities required to effectively and efficiently carry out the Company's business. Listed below are the exceptions to these delegations, whereby the Board or appropriate Committee reserves the powers as indicated.

5.2 Decisions requiring Board approval

In addition to those decisions requiring approval pursuant to the respective Committee Charters (if any), the following decisions must be referred to the Board for approval:

- (a) Directors acquiring or selling shares of the Company;
- (b) issuing shares of the Company;
- (c) acquiring, selling or otherwise disposing of property in excess of the amount set out in the Company's approval matrix;

- (d) founding, acquiring or selling subsidiaries of or any company within the Company, participating in other companies or dissolving or selling the Company's participation in other companies (including project joint ventures);
- (e) acquiring or selling patent rights, rights in registered trademarks, licences or other intellectual property rights of the Company;
- (f) founding, dissolving or relocating branch offices or other offices, plants and facilities;
- (g) starting new business activities, terminating existing business activities or initiating major changes to the field of the Company's business activities;
- (h) approving and/or altering the annual business plan (including financial planning) for the Company or any part of the Company;
- (i) taking or granting loans which exceed the amount set out in the Company's approval matrix (including, without limitation, the placing of credit orders, issuing of promissory notes or loans against IOUs);
- (j) granting securities of any type;
- (k) granting loans to Company officers or employees and taking over guarantees for the Company's officers and employees;
- (l) entering into agreements for recurring, voluntary, or additional social benefits, superannuation agreements or agreements for general wage and salary increases;
- (m) determining the total amount of bonuses and gratuities for Company officers and employees;
- (n) determining the appointment, termination, prolongation of employment or amendment to conditions of employment of members of the Board of Directors;
and
- (o) granting or revoking a power of attorney or limited authority to sign and/or act on behalf of the Company.

PART D – CONTINUING IMPROVEMENT

1. Director protection

1.1 Information seeking protocol

Directors will adhere to the following protocol when seeking information:

- (a) approach the CEO to request the required data;
- (b) if the data is not forthcoming, approach the Chair; and
- (c) if the information is still not forthcoming, write a letter to all Board detailing the information that is required, purpose of the information, and who the Director intends to approach in order to obtain the information.

1.2 Access to professional advice

A Director of the Company is expected to exercise considered and independent judgment on the matters before them. To discharge this expectation a Director may, from time to time, need to seek independent, expert opinion on matters before them. All Directors have the individual authority to commit the company to up to A\$5,000 per annum in professional advice.

Prior to seeking professional advice a director shall inform the Chair about the nature of the opinion or information sought, the reason for the advice, the terms of reference for the advice and the estimated cost of the advice. Where more than one Director is seeking advice about a single issue, the Chair shall endeavour to coordinate the provision of the advice.

If the cost of professional advice is likely to exceed A\$5,000, the Director shall seek authority from the Chair prior to engaging an external expert. The Chair has delegated authority to authorise expenditures up to A\$10,000. If the Chair withholds authorisation, the Director has the right to seek authority from the Board at the next Board meeting. If the cost of professional advice is likely to exceed A\$10,000, then the Board's approval for the engagement of an external expert is required.

Advice so received should be received on behalf of the Board as a whole.

1.3 Access to Board papers

The Directors have the right to access board papers as granted by the Corporations Act. Such access shall be provided on a timely basis.

1.4 Insurance

The Company currently holds Directors' and Officers' Insurance Policies. The Company will ensure that all new Directors and Officers are included on the Company's insurance

policies. The Company will also review the D&O Insurance Policies on at least an annual basis to ensure that they are sufficient.

2. Board and Senior Executive evaluation

2.1 Evaluation process

The Board considers the evaluation of its own and senior executive performance as fundamental to establishing a culture of performance and accountability.

2.2 Board and Director evaluations

The Board considers the ongoing development and improvement of its own performance as a critical input to effective governance. As a result, the Board will undertake an evaluation of Board and Director performance.

The review will be based on a number of goals for the Board and individual Directors that will be established. The goals are based on corporate requirements and any areas for improvement that may be identified. The Board will consider the outcome of such reviews in a dedicated meeting and develop a series of actions and goals to guide improvement. The Chair will provide each Director with confidential feedback on his or her performance. This feedback is used to develop a development plan for each Director. The Board does not endorse the reappointment of a Director who is not satisfactorily performing the role.

The Remuneration and Nomination Committee will arrange for a performance evaluation of the Board, its Committees and individual Directors to be conducted on an annual basis.

2.3 Board Committee evaluations

The Board will set a number of expectations for its Committees. These expectations are to be derived after considering the results of previous reviews if any, an assessment of the Company's current and future needs, and a review of each Committee's Charter or purpose. As a result of a review, the Board may amend or revoke a Committee's Charter.

The Nomination and Remuneration Committee will review the performance of the Committees against expectations. Based upon the review, individuals and groups will be provided with feedback on their performance. The results of the review will be a key input into the expectations set by the Board.

2.4 Senior Executive evaluations

All senior executives at the Company will be subject to an annual performance evaluation by the Nomination and Remuneration Committee. Each year, senior executives (including the CEO) will establish a set of performance targets. These targets are aligned to overall business goals and the Company's requirements of the

position. In the case of the CEO, these targets are negotiated between the CEO and the Board and signed off by the whole Board.

An informal assessment of progress is carried out throughout the year. A full evaluation of the executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year. Since the Company is committed to continuous improvement and the development of its people, the results of the evaluation form the basis of the executive's development plan. Performance pay components of executives' packages are dependent on the outcome of the evaluation.

3. Executive Director remuneration

3.1 Composition

Remuneration packages for Executive Directors and other senior executives include an appropriate balance of fixed remuneration and performance-based remuneration.

3.2 Fixed remuneration

Fixed remuneration is reasonable and fair, taking into account the Company's obligations at law and labour market conditions, and is relative to the scale of the Company's business. It reflects core performance requirements and expectations.

3.3 Performance-based remuneration

Performance-based remuneration should be linked to clearly specified performance targets. These targets should be aligned to the Company's short, medium and long-term performance objectives and should be appropriate to its circumstances, goals and risk appetite. This target should also be consistent with the Company's values. Discretion will be retained where appropriate to prevent performance based remuneration rewarding conduct that is contrary to the entity's value or risk appetite.

3.4 Equity-based remuneration

The Company strives to have a well-designed equity-based remuneration, including options or performance rights, which can be an effective form of remuneration, especially when linked to hurdles that are aligned to the Company's longer-term performance objectives. The Company takes care in the design of equity-based remuneration schemes to ensure that they do not lead to "short-termism" on the part of senior executives or the taking of undue risks.

3.5 Termination and other benefits

Termination payments, if any, for senior executives are agreed in advance and the agreement clearly addresses what will happen in the case of early termination. There is no payment for removal for misconduct.

4. Non-Executive Director remuneration

4.1 Composition

Non-Executive Directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees (such as salary sacrifice into superannuation or equity).

4.2 Fixed remuneration

Levels of fixed remuneration for Non-Executive Directors reflect the time commitment and responsibilities of the role.

Non-Executive Directors are paid their fees out of the maximum aggregate amount approved by shareholders for the remuneration of Non-Executive Directors. The sum each Non-Executive Director is paid is determined by the Board from time to time. Additional fees can be paid for participation on Board Committees; however, the total fees paid to Non-Executive Directors, including fees paid for participation on Board Committees, are kept within the total amount approved by shareholders.

4.3 Performance-based bonus

Non-Executive Directors do not receive performance-based remuneration as it may lead to bias in their decision-making and compromise their objectivity except where the Board has determined it is reasonable for the Non-Executive Directors to receive such securities taking into account the current size, nature and scale of activities of the Company. Where Non-Executive Directors receive performance-based remuneration they must ensure that it does not lead to bias in their decision-making and compromise their objectivity.

The Company's Non-Executive Directors do not receive performance-based bonuses.

4.4 Equity-based remuneration

It is generally acceptable for Non-Executive Directors to receive securities as part of their remuneration to align their interests with the interests of other security holders. However, Non-Executive Directors generally should not receive options with performance hurdles attached or performance rights as part of their remuneration as it may lead to bias in their decision-making and compromise their objectivity except where the Board has determined it is reasonable for the Non-Executive Directors to receive such securities taking into account the current size, nature and scale of activities of the Company. Where Non-Executives receive options with performance hurdles attached or performance rights as part of their remuneration, they must ensure that it does not lead to bias in their decision-making and compromise their objectivity.

The Company's Non-Executive Directors cannot choose to receive shares in the Company as part of their remuneration instead of receiving cash and may not participate in equity schemes of the Company, such as option schemes, that are designed to encourage enhanced performance of the participant, unless the Board

determines this is reasonable taking into account the current size, nature and scale of the Company.

4.5 **Superannuation benefits**

Non-Executive Directors should not be provided with retirement benefits other than superannuation.

The Company's Non-Executive Directors are entitled to statutory superannuation.

4.6 **Written Agreement**

The Written Agreement with the Non-Executive Director should include:

- (a) the requirement to disclose director's interests and any matters which could affect the director's independence;
- (b) the requirement to comply with the Company's corporate governance policies and charters;
- (c) the requirement to notify the Company of or seek the Company's approval before accepting, any new role that could impact upon the time commitment expected of the Director or give rise to a conflict of interests;
- (d) the company's policy around independent professional advice;
- (e) indemnity and insurance arrangements;
- (f) rights of access to corporate information; and
- (g) ongoing confidentiality obligations.

5. **Director development**

The Company is committed to continuing development of its Directors and executives. In line with this commitment, there is an expectation that all Directors and the CEO will commit to at least 2 days of professional development each year. The Board allocates an annual budget of A\$5,000 per Director to encourage Directors to participate in training and development programs. Any Director wishing to undertake either specific directorial training or personal development courses is expected to approach the Chair for approval of the proposed course. Development may be in both governance and governance processes or in the Company's industry.

The Board will also undertake an annual review in relation to whether there is a need for existing Directors to undertake professional development.

6. Director induction

New directors will undergo an induction process in which they will be given a full briefing on the Company. This will include meeting with key executives, tours of the premises, an induction package and presentations. Information conveyed to the new Director will include:

- (a) details of the roles and responsibilities of a Director with an outline of the qualities required to be a successful Director;
- (b) formal policies on Director appointment as well as conduct and contribution expectations;
- (c) details of all relevant legal requirements;
- (d) access to a copy of the Board Charter and all other Company Corporate Governance Policies;
- (e) guidelines on how the Board processes function;
- (f) details of past, recent and likely future developments relating to the Board including anticipated regulatory changes;
- (g) key accounting matters and outlines of the responsibilities of Directors in relation the Company's financial statements;
- (h) background information on and contact information for key people in the organisation including an outline of their roles and capabilities;
- (i) an analysis of the Company including:
 - (i) core competencies of the Company;
 - (ii) an industry background briefing;
 - (iii) a recent competitor analysis;
 - (iv) details of past financial performance;
 - (v) current financial structure; and
 - (vi) any other important operating information;
- (j) a synopsis of the current strategic direction of the Company including a copy of the current strategic plan and annual budget;
- (k) access to a copy of the Constitution of the Company; and
- (l) Directors Deed of Indemnity and Right of Access to Documents, if applicable.

Annexure A Definition of Independence

The Board considers the interests, positions and relationships which may raise issues about the independence of a director as set out in Box 2.3 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations (4th Edition)* as follows:

1. is, or has been, employed in an executive capacity by the entity or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the board;
2. receives performance-based remuneration (including options or performance rights) from or participates in an employee incentive scheme of the entity;
3. is, or has been within the last three years, in a material business relationship (e.g. as a supplier, professional adviser, consultant or customer) with the entity or any of its child entities, or is an officer of, or otherwise associated with, someone with such a relationship;
4. is, represents, or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder;
5. has close personal ties with any person who falls within any of the categories described above; or
6. has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position or relationship needs to be assessed by the board to determine whether it might interfere, or might reasonably be seen to interfere, with the director's capacity to bring an independent judgement to bear on issues before the board and to act in the best interest of the entity as a whole rather than in the interests of an individual security holder or other party.

The Board notes that the mere fact that a director has served on a board for a substantial period does not mean that the director has become too close to management or a substantial holder to be considered independent.

Anti-Bribery and Anti-Corruption Policy

1. Introduction

Bribery can be described as the giving to or receiving by any person of anything of value (usually money, a gift, loan, reward, favour, commission or entertainment), as an improper inducement or reward for obtaining business or any other benefit. Bribery can take place in the public sector (eg bribing a public official) or private sector (eg bribing the employee of a customer). Bribery can also take place where an improper payment is made by or through a third party. Bribes and kickbacks can therefore include, but are not limited to:

- (a) gifts and excessive or inappropriate entertainment, hospitality, travel and accommodation expenses;
- (b) payments, whether by employees or business partners such as agents or consultants;
- (c) other 'favours' provided to public officials or customers, such as engaging a company owned by a public official or customer's family; and
- (d) the uncompensated use of company services, facilities or property.

Bribery is a serious criminal offence and can damage the Company's reputation and standing in the community.

2. Scope

This Policy applies to all employees, executive management, suppliers, consultants, customers, joint venture partners (where they agree to be bound by the Policy) as well as temporary and contract staff (including subcontractors) (**Representatives**). Representatives must ensure that they do not become involved, in any way, in the payment of bribes or kickbacks, whether in the public or commercial sector. This Policy sets out the minimum standards to which all Representatives of the Company must adhere to at all times.

3. Objective

The Company has a zero-tolerance approach to bribery and corruption and is committed to acting professionally, fairly and with integrity in all business dealings.

The objective of this Policy is to:

- (a) set out the responsibilities in observing and upholding the Company's position on bribery and corruption; and

- (b) provide information and guidance to those working for the Company on how to recognise and deal with bribery and corruption issues.

4. Anti-bribery and anti-corruption policy

4.1 Policy details

Representatives of the Company are not permitted to pay, offer, accept or receive a bribe in any form. Representatives must never:

- (a) offer, pay or give anything of value to a public official in order to obtain business or anything of benefit to the Company. 'Public official' should be understood very broadly, and this means anyone paid directly or indirectly by the government or performing a public function, including officials of state owned enterprises and public international organisations;
- (b) attempt to induce a public official, whether local or foreign, to do something illegal or unethical;
- (c) pay any person when you know, or have reason to suspect, that all or part of the payment may be channelled to a public official. You should therefore be careful when selecting third parties, such as agents, contractors, subcontractors and consultants;
- (d) offer or receive anything of value as a 'quid pro quo' in relation to obtaining business or awarding contracts. Bribery of 'public officials' is a serious matter, but bribery of those working in the private sector is also illegal and contrary to the Company's Code of Conduct;
- (e) establish an unrecorded (slush) fund for any purpose;
- (f) otherwise use illegal or improper means (including bribes, favours, blackmail, financial payments, inducements, secret commissions or other rewards) to influence the actions of others; or offering anything of value when you know it would be contrary to the rules of the recipient's organisation for the recipient to accept it;
- (g) make a false or misleading entry in the company books or financial records;
- (h) act as an intermediary for a third party in the solicitation, acceptance, payment or offer of a bribe or kickback;
- (i) so-called 'facilitation' or 'grease' payments are prohibited. Such payments should not be made to public officials, even if they are nominal in amount and/or common in a particular country;
- (j) do anything to induce, assist or permit someone else to violate these rules; and
- (k) ignore, or fail to report, any suggestion of a bribe.

As well as complying with the specific prohibitions in this Policy, Representatives must exercise common sense and judgement in assessing whether any arrangement could be perceived to be corrupt or otherwise inappropriate.

4.2 **Agents and Intermediaries**

- (a) Representatives should not hire an agent, consultant or other intermediary if they have reason to suspect that they will pay bribes on behalf of the Company's behalf.
- (b) Representatives should seek to ensure that any third parties that are hired will not make, offer, solicit or receive improper payments on behalf of the Company. All fees and expenses paid to third parties should represent appropriate and justifiable remuneration for legitimate services to be provided and should be paid directly to the third party. Accurate financial records of all payments must be kept.
- (c) All business units should adopt appropriate procedures directed towards ensuring that their arrangements with third parties do not expose them to non-compliance with this Policy. Such procedures should assist Representatives in determining whether particular third parties present a corruption risk and, if so, what steps should be taken to address that risk. This may include, in particular, cases where a third party is engaged to act on behalf the Company:
 - (i) to solicit new business;
 - (ii) to interact with public officials; or
 - (iii) In other high risk situations.
- (d) Representatives must also be aware of factors which suggest the third party may pose a high corruption risk, and consult with their line managers to assess whether there is a need for enhanced due diligence and monitoring, or whether a proposed relationship should not proceed.

4.3 **Gifts, entertainment and hospitality**

The Company prohibits the offering of acceptance of gifts, entertained or hospitality in circumstances which would be considered to give rise to undue influence. All Representatives must notify the Company Secretary or Chairman of any gifts and/or benefits, either offered or accepted and valued at A\$500 or more, to safeguard and make transparent their relationships and dealings with third parties.

4.4 **Charitable and political donations**

- (a) The Company does not make political donations or payments.
- (b) Charitable donations can in some circumstances be used as a disguise for bribery, eg where a donation is provided to a 'charity' which is controlled by a public official who is in a position to make decisions affecting the Company. Therefore, whilst the Company supports community outreach and charitable

work, recipients must be subject to a suitable due diligence and approval process in all circumstances. It must be clear who the actual recipient of the donation is and for whose benefit the donation is ultimately made.

4.5 **Mergers and acquisitions**

An anti-corruption due diligence on companies which the Company is considering acquiring should be performed during the overall due diligence process. The following risk areas should be considered during the due diligence process:

- (a) an entity's control environment: policies, procedures, employee training, audit environment and whistleblower issues;
- (b) any ongoing or past investigations (government or internal), adverse audit findings (external or internal), or employee discipline for breaches of anti-corruption law or policies;
- (c) the nature and scope of an entity's government sales and the history of significant government contracts or tenders. Risks include improper commissions, side agreements, cash payments and kickbacks;
- (d) an entity's important regulatory relationships, such as key licenses, permits, and other approvals. Due diligence in that context would focus on employees who interact with these regulators, and whether there are any fees, expediting payments, gifts or other benefits to public officials;
- (e) travel, gifts, entertainment, educational or other expenses incurred in connection with marketing of products or services, or in connection with developing and maintaining relationships with government regulators. Diligence in this area would include examining expense records, inspection or training trips, and conference attendee lists and expenses;
- (f) an entity's relationships with distributors, sales agents, consultants, and other third parties and intermediaries, particularly those who interact with government customers or regulators; and
- (g) an entity's participation in joint ventures or other teaming arrangements that have significant government customers or are subject to significant government regulation.

4.6 **Reporting bribery and suspicious activity**

- (a) If you become aware of any actual or suspected breach of this Policy or if you are ever offered any bribe or kickback, you must report this to the Authorised Officer (see Schedule 1). Processes are in place to ensure that such complaints are investigated and appropriate action taken. The Company will not permit retaliation of any kind against any Representative for making good faith reports about actual or suspected violations of this Policy. These processes apply to all Representatives of the Company.

- (b) Whistleblowing reports should be made in accordance with the Company's Whistleblower Protection Policy. Matters which may be reported to the Authorised Officers include (but are not limited to):
 - (i) conduct which is inconsistent with the Company stated vision, its Code of Conduct, policies and procedures;
 - (ii) violation of law;
 - (iii) abuse of company resources and assets;
 - (iv) danger to health and safety of any individual;
 - (v) deliberate concealment of information;
 - (vi) fraud, corruption, bribery, extortion and theft;
 - (vii) financial misconduct;
 - (viii) unfair discrimination; and
 - (ix) attempt to suppress or conceal information relating to any of the above.

Social Media Policy

1. Background

- 1.2 To preserve the reputation and integrity of the Company and its subsidiaries, this Policy will apply to the wide range of technologies commonly referred to as 'social media' which fundamentally are no different to other forms of communication, but do represent a risk as well as an opportunity because they can connect large numbers of people with relative ease. The rationale for the Policy is to manage the risks associated with the use of technology platforms and tools of this nature.

2. Social Media Definition

- 2.1 Social media means online social networking or Web 2.0 technologies services and tools used for publishing, sharing and discussing information, including without limitation blogs or web logs, electronic forums or message boards, micro-blogs (eg: Twitter™), photo sharing sites (eg: Flickr®), social bookmarking sites (eg: Delicious™, Digg™, Reddit™) social networking websites (eg: MySpace™, Facebook®, LinkedIn®, Google+™, Bebo™, Friendster™) video sharing sites (eg: YouTube™), virtual worlds (eg: Second Life®) and wikis (eg: Wikipedia®) and any other electronic media that allow individual users to upload and share content regardless of format.

- (e) an "eligible recipient" as listed below.

An eligible recipient is:

- (a) any person authorised by the Company to receive disclosures of Improper Conduct that may qualify for protection. CRB authorises the nominated Whistleblower Protection Officers listed below:

- (b) an external auditor or actuary of the Company; and
- (c) a senior manager or officer of the Company.

4.3 **Legal advice and communicating with a lawyer**

Before or after making a report of Improper Conduct, a Disclosing Person is entitled to discuss their concerns about Improper Conduct with their lawyer and get legal advice from a lawyer about how the whistleblower laws apply to them. Generally, the legal protections referred to below also apply to such communications between a Disclosing Person and their lawyer.

4.4 **Public interest and emergency disclosures to a journalist or Member of Parliament**

Protections for public interest and emergency disclosures only apply if a Disclosing Person has first made a report of Improper Conduct to a Commonwealth agency and does not apply if a report has only been made to an "eligible recipient".

(a) **Public Interest disclosures**

If:

- (i) a Disclosing Person has made a report of Improper Conduct to one of the Commonwealth agencies specified in Section 4; and
- (ii) at least 90 days have passed since making the report; and
- (iii) the Disclosing Person does not have reasonable grounds to believe that action is being taken on the report and reasonably believes that further disclosure is in the public interest; and
- (iv) has given prior written notice to the relevant Commonwealth agency of his or her intention to make further disclosure,

then the Disclosing Person may make a report of the Improper Conduct to a journalist or Federal or State Member of Parliament. In this case, this further report will have the legal protections referred to in Sections 5 and 6 of this policy, provided it is limited to the information necessary to inform the recipient of the Improper Conduct.

(b) **Emergency disclosures**

A Disclosing Person will also have the legal protections referred to in Sections 5 and 6 of this policy if the person:

- (i) has made a report of Improper Conduct to a specified Commonwealth agency;
- (ii) has reasonable grounds to believe that the Improper Conduct concerns a substantial and imminent danger to any person's health or safety or to the natural environment;
- (iii) has given prior written notice to the relevant Commonwealth agency of his or her intention to make further disclosure; and
- (iv) makes a report to a journalist or Member of Parliament that is limited to the information necessary to inform the recipient of the substantial or imminent danger.

4.5 **How to make a report to an eligible recipient**

Employees may report Improper Conduct to an eligible recipient by:

- (a) post to PO Box 1311, Subiaco WA 6904 (marked as private and confidential to the attention of the Employee's immediate manager or the Whistleblower Protection Officer); or
- (b) email; or
- (c) telephone.

The Disclosing Person may choose to remain anonymous (and will still have the same legal protections) or may disclose their name, which will be kept confidential subject to certain exceptions referred to in Section 5 of this policy.

4.6 **What kind of conduct can you report under this policy?**

A Disclosing Person who reports Improper Conduct, whether made directly or anonymously, must have reasonable grounds to suspect that the information being disclosed about the Company concerns:

- (a) misconduct or an improper state of affairs or circumstances in relation to any entity within the Company; or
- (b) indicates that the Company or any of its officers or employees has engaged in conduct that:
 - (i) breaches the Corporations Act;
 - (ii) breaches other financial sector laws enforced by ASIC or APRA;
 - (iii) constitutes an offence against other law of the Commonwealth that is punishable by imprisonment for a period of 12 months; or
 - (iv) represents danger to the public or the financial system.

Examples of what may be disclosed include a breach of any legal or regulatory requirement, the Company Code of Conduct or any other Company policy, including, inter alia:

- (a) fraud, dishonesty or corruption;
- (b) negligence;
- (c) criminal offences;
- (d) financial loss to the Company, reputational damage or conduct otherwise detrimental to the Company's interests;
- (e) potential misconduct or an improper state of affairs or circumstances in relation to the Company's tax affairs;
- (f) failure to comply with legal obligations of the Company as a company listed on the ASX; and

- (g) unethical or corrupt conduct.

Legal protections apply in favour of a Disclosing Person even if the allegations he or she makes are wrong, provided that the Disclosing Person had Reasonable Grounds for making the allegations.

4.7 **What kind of conduct is not covered by this policy?**

Generally, disclosures that solely concern the Disclosing Person's personal work-related grievances do not qualify for protection under the Corporations Act.

Examples of disclosures regarding personal work-related grievances that may not qualify for protection under whistleblower laws and this policy include:

- (a) an interpersonal conflict between the Disclosing Person and another employee;
- (b) a decision relating to the engagement, transfer or promotion of the Disclosing Person;
- (c) a decision relating to the terms and conditions of engagement of the Disclosing Person; or
- (d) a decision to suspend or terminate the engagement of the Disclosing Person, or otherwise discipline the Disclosing Person.

However, a report about a personal work-related grievance may still be covered if it includes information about other Improper Conduct beyond the Disclosing Person's personal circumstances, or the Disclosing Person is being threatened with some detriment for making a report.

5. Confidentiality and Anonymity

Improper Conduct reports, whether made in the Disclosing Person's name or anonymously, will be kept confidential and details of the report, or the Disclosing Person, will only be released to those necessarily involved in the investigation, unless the Disclosing Person consents or the Company is obliged or allowed by law to disclose, such as disclosures to ASIC, the Australian Federal Police, or a legal practitioner for the purpose of obtaining advice about the application of the Disclosing Person's protections.

The Company will ensure that any records relating to a report of Improper Conduct are stored securely and confidentially and are able to be accessed only by Company employees who are authorised to access the information for the purposes of the investigation.

Unauthorised disclosure of:

- (a) the identity of the Disclosing Person who has made a report of Improper Conduct; or

(b) information from which the identity of the reporting person could be inferred, may be an offence under Australian law and will be regarded as a disciplinary matter.

6. Protections and Support

The Company is committed to protecting and respecting the rights of any Disclosing Person who reports Improper Conduct in accordance with this policy.

The Company will not tolerate any reprisals against any person suspected of making a report of Improper Conduct, or against that person's colleagues, employer (if a contractor), relatives or any other person where the reason for the detrimental conduct relates to the suspicion that a Disclosing Person has made a report of Improper Conduct.

Any such retaliatory action may be an offence and will be treated as serious misconduct and will be dealt with in accordance with the Company's disciplinary procedures.

In addition to the above, under Australian law, a Disclosing Person who has reasonable grounds for suspecting that Improper Conduct has taken place, and who reports the matter to an appropriate person or agency as referred to in Section 4, may be entitled to additional legal protections in certain circumstances, including:

- (a) they may be protected from civil, criminal or administrative legal action for making the report;
- (b) no contractual or other right may be exercised against the Disclosing Person for making the report;
- (c) the information they provide may not be admissible in evidence against them in legal proceedings (unless they have provided false information); and
- (d) anyone who causes or threatens to cause detriment to a Disclosing Person in the belief or suspicion that a report has been made, or may have been made, proposes to or could be made, may be guilty of an offence and may be liable to pay damages to the Disclosing Person for any loss suffered by him or her as a result.

7. Internal Investigation Procedure

Whether an internal investigation is required, and the investigation processes undertaken, will vary depending on the precise nature of the alleged Improper Conduct. Any investigation will be conducted in a manner that is fair and objective to all people involved. The time that an investigation takes will depend on the particular facts of each case but the Company will conduct any internal investigation as quickly as practicable.

The Whistleblower Protection Officer is responsible for investigating Improper Conduct reports made under the Whistleblower Policy. The Whistleblower Protection Officer has

access to independent financial, legal and operational advisors as required, and for serious matters, will be assisted by the Board of the Company.

An investigation will generally involve making enquiries and collecting evidence for the purpose of assessing whether the Improper Conduct report can be substantiated.

Company employees about whom reports are made will generally be given an opportunity to respond to the relevant allegations made in the Improper Conduct report. Feedback will be provided to the Disclosing Person, if appropriate, on the progress of the investigation, unless they have remained anonymous.

Generally, the Whistleblower Protection Officer will decide whether to escalate any report and the findings of any investigation, and to whom the report and findings should be escalated for any decision. This will depend on the facts and seriousness of each case. For example, a decision on how to respond to the findings of any investigation could be made by a Whistleblower Protection Officer.

8. Review of this Policy

This policy will be reviewed from time to time to ensure it remains effective and meets best practice standards and the needs of the Company. This policy can only be amended by resolution of the Board.

The Whistleblower Policy can be accessed via the Company website.
